

American Journal of ORTHODONTICS

*Official publication of The American Association of Orthodontists,
its constituent societies, and The American Board of Orthodontics*

Editors

B. F. Dewel, *Editor-in-Chief*

708 Church Street, Evanston, Illinois 60201

Earl E. Shepard, *Assistant Editor*

225 S. Meramec Avenue, St. Louis, Missouri 63105

J. A. Salzmnn, *Editor of Reviews and Abstracts*

25 Sutton Place South, New York, New York 10022

Constituent Society Editors

Earl O. Bergersen, *Midwestern Society of Orthodontists*

950 Linden Avenue, Winnetka, Illinois 60093

Irving D. Buchin, *Northeastern Society of Orthodontists*

107-21 Queens Boulevard, Forest Hills, New York 11375

Arthur H. Craven, *Great Lakes Society of Orthodontists*

909 Abbott Road, East Lansing, Michigan 48823

Howard H. Dukes, *Southwestern Society of Orthodontists*

Brotherhood Building, Kansas City, Kansas 66101

Thorwald Eros, Jr., *Southern Society of Orthodontists*

3290 Northside Parkway N.W., Atlanta, Georgia 30327

Robert S. Freeman, *Rocky Mountain Society of Orthodontists*

1660 South Albion Street, Denver, Colorado 80222

Paul V. Reid, *Middle Atlantic Society of Orthodontists*

864 County Line Road, Bryn Mawr, Pennsylvania 19010

Wayne G. Watson, *Pacific Coast Society of Orthodontists*

2021 Ygnacio Valley Rd., Walnut Creek, California 94598

Subject index

A

- Activators in orthodontic treatment (Jorgensen), 260
- orthopedic puzzle (Cunat), 16
- Actualités odonto-stomatologiques, 552 (B. rev.)
- Adenoidectomy, effects on dentition and nasopharynx (Linder-Aronson), 1
- Adhesives, current, for indirect bracket bonding (Silverman and Cohen), 76
- Alveolar bone, mechanically stressed, in cats, increased production of cyclic AMP, 320 (Abst.)
- American Academy of Periodontology; date set for joint orthodontic-periodontic conference in St. Louis, 97, 201, 323
- American Association of Orthodontists, 85, 175, 303, 423, 539, 644
- Board and House hold annual meetings, 442
- Board of Trustees, Councils, and Committees, directory, 223
- Council on Orthodontic Education sponsors teachers' conference, 206, 330, 444, 557
- Council on Public Relations issues new lay education pamphlets, 329
- Council on Research announces award requirements for Las Vegas meeting, 553, 653
- call for abstracts, 560
- date set for joint orthodontic-periodontic conference in St. Louis, 97, 201, 323
- Health Care Workshop, opening remarks before (Bell), 423
- library: developing center for membership services (Shankland), 539
- Long Range Study Committee specifies general objectives, 25
- movie wins two film festival awards, 200
- officers and organizations, directory, 114, 222, 340, 452, 564, 668
- President's page (Bell), 423
- Research Council sets pattern for orthodontics' future, 303
- seventy-fourth annual meeting, comprehensive annual clinical program in Houston announced, 86
- delegate allocation announced, 442
- Houston's Galleria featured on AAO ladies' program at May meeting, 96
- officers at Houston meeting, 440
- preliminary program, 175
- Tidelanders chorus featured at, 322
- William A. Rusher to be keynote speaker, 438
- starts planning for diamond anniversary next April, 545 (Editorial)

- American Board of Orthodontics, 325, 439
- certifies fifty-three candidates during March examinations, 644
- schedules forty-sixth annual meeting in St. Louis in March, 97, 200
- specifies requirements for joint practice candidate, 659
- American Cleft Palate Association, 324
- American Dental Association acts to improve communication with specialty organizations, 103
- Bureau of Dental Health Education schedules children's dental health week, 98
- Clipsheet stresses mouthguards to protect anterior teeth, 556
- Council offers assistance in third-party disputes, 329
- sponsors extensive dental manpower survey, 322
- Anderson, George M., presentation of Gerard A. Devlin award for 1973 to, 201
- Appliance, Begg, clinical treatment with (Brouwer), 165
- Arch, ideal, force systems from (Burstone and Koenig), 270
- isospacial, concept (Dellinger), 462
- Ascorbic acid deficiency, orthodontic tooth movement during (Litton), 290
- Australian Orthodontic Congress, sixth, 334, 664

B

- Bands, orthodontic, permeability beneath; variations dependent on cement type and cement-removal method (Schroeder et al.), 453
- Begg appliance, clinical treatment with (Brouwer), 165
- light wire technic, evaluation of maxillary central incisor root resorption comparing pre- and post-treatment periapical radiographs of patients treated with, 95 (Abst.)
- treatment of Class III malocclusion with (Rodesano), 237
- technique, roentgenographic appraisal of maxillary anterior lingual root torque in third stage of, 93 (Abst.)
- stability of orthodontic changes in Class II, Division 2 malocclusions treated with, 650 (Abst.)
- vertical changes in orthodontic patients with hypodivergent dentofacial growth patterns treated with, statistical roentgenographic cephalometric appraisal, 94 (Abst.)
- Begg Society of Orthodontists, 557, 658

January, pp. 1-114; February, pp. 115-224; March, pp. 225-340; April, pp. 341-452; May, pp. 453-564; June, pp. 565-678.

- Bracket bonding, indirect, current adhesives for (Silverman and Cohen), 76
directly bonded, preliminary study of orthodontic treatment with use of (Daft and Lugassy), 407
British Journal of Orthodontics; new orthodontic journal, 198 (Abst.)
British Society for the Study of Orthodontics, 105
Brookdale Award, Herbert K. Cooper wins first annual, 98
Buccinator mechanism, electromyographic investigation of, 319 (Abst.)

C

- Cancer, fingerprints may provide clues to dangers, 197 (Abst.)
Canine retraction, photoelastic visualization of orthodontic forces during (Caputo, Chaconas, and Hayashi), 250
springs, effects of wire size, loop configuration, and gabling (Chaconas, Caputo, and Hayashi), 58
Cement type and cement-removal method, variations in permeability beneath orthodontic bands dependent on (Schroeder et al.), 453
Cephalometric superimposition, anatomic, and metallic implant techniques for maxilla and mandible, reliability of, 318 (Abst.)
Chicago-Jarabak Foundation, 209
Children's dental health week scheduled in February by ADA bureau, 98
China, orthodontist's visit to (Siu and Siu), 138
Chinese (Cantonese), Class III malocclusion in: Etiology and treatment (Chan), 152
Cleft, bilateral, of lip and palate, natural history and early treatment, 437 (Abst.)
palate, complete, early orthodontic treatment for (Peat), 28
Cleidocranial dysostosis (Magnus and Sands), 638
Columbia University Orthodontic Alumni Society, 102, 209, 334
Congress on Dentistry for the Handicapped, 331
Constituent society presidents discuss issues facing orthodontics, 194, 313 (Editorials)
Cooper, Herbert K., wins first annual Brookdale Award, 98
Craniofacial asymmetries as related to dentition and midline discrepancies, 651 (Abst.)
development, effect of force on (Wieslander), 531
growth, posttreatment: implications in orthodontic treatment (Schudy), 39
Croizat Study Club, 215, 560
Cyclic AMP, increased production in mechanically stressed alveolar bone in cats, 320 (Abst.)

D

- Decrowding during eruption under screening influence of vestibular shields (Fränkel), 372
Dental manpower survey, extensive, sponsored by ADA, 322
radiography, textbook of, 551 (B. rev.)
Dentition and nasopharynx, effects of adenoidectomy on (Linder-Aronson), 1
Dentofacial changes accompanying scoliosis therapy with modified Milwaukee brace (Persky and Johnston), 361
complex; cephalometric evaluation of old Milwaukee brace and modified Milwaukee brace in relation to normal growing child (Northway, Alexander, and Riolo), 341
proportions, comparison of Vietnamese and Caucasian, 434 (Abst.)
Denver Summer Meeting, 658
Devlin, Gerard A., Award for 1973, presentation to George M. Anderson, 201
Doctor-patient relations, mutual appraisals of, 547 (Editorial)
Dysostosis, cleidocranial (Magnus and Sands), 638

E

- Edgewise technique, light wire to treat hyperdivergent skeletal dysplasias, roentgenographic cephalometric evaluation, 94 (Abst.)
Editorial; AAO starts planning for Association's diamond anniversary next April, 545
a favorable trend: Participation by the younger orthodontist, 428
constituent society presidents discuss issues facing orthodontics, 194, 313
mutual appraisals of doctor-patient relations, 547
orthodontics in forensic odontology, 647
orthodontists as providers in employ of carriers: The third party, 90
the professional man's future under HMOs and PSROs, 425
years of achievement, 89
Elastics, orthodontic, force degradation of periodically stretched and fixed distance stretched, 649 (Abst.)
Emory Orthodontic Alumni Association, 101, 324, 333, 439
Eruption, decrowding during, under screening influence of vestibular shields (Fränkel), 372
European journals sponsor course, 104
European Begg Society, 333
European Orthodontic Congress, fiftieth, scheduled in Belgrade, 102, 205, 332, 443, 558, 660
Extraction, second-premolar, in clinical practice (de Castro), 115

F

- Face, tooth, and skull dimensions in different ethnic groups in Israel (Krzypow, Lieberman, and Modan), 246

- Facial growth, timing of, 320 (Abst.)
 Fairleigh Dickinson Alumni Association, 324, 444
 Fédération Dentaire Internationale, 102, 333
 selects London for sixty-second World Dental Congress, 556, 659
 Fingerprints may provide clues to cancer dangers, 197 (Abst.)
 Flap design in exposing unerupted teeth (Levin and D'Amico), 419
 Force degradation of periodically stretched and fixed distance stretched orthodontic elastics, 649 (Abst.)
 effect of, on craniofacial development (Wieslander), 531
 systems from ideal arch (Burstone and Koenig), 270
 Forensic odontology, orthodontics in, 647 (Editorial)
 Function regulator; decrowding during eruption under screening influence of vestibular shields (Fränkel), 372

G

- Gabbling, wire size, and loop configuration, effects on canine-retraction springs (Chaconas, Caputo, and Hayashi), 58
 Georgetown Orthodontic Foundation, 559
 German Congress for Orthodontists, 106
 Gingival display, morphologic, treatment, and esthetic aspects, 435 (Abst.)
 fiber surgery, effect on retention of rotated teeth (Crum and Andreasen), 626
 Gonial angle, masseter muscle, and medial pterygoid muscle, cephalometric and anatomical study of relationship between, 92 (Abst.)
 Great Lakes Society of Orthodontists, 98
 Growth, craniofacial, posttreatment: implications in orthodontic treatment (Schudy), 39
 facial, timing of, 320 (Abst.)
 patterns, hypodivergent dento-facial, vertical changes in orthodontic patients with, treated with Begg technique, statistical roentgenographic cephalometric appraisal, 94 (Abst.)
 symposium scheduled at Michigan, 106, 330

H

- Health maintenance organizations; the professional man's future under HMOs and PSROs, 425 (Editorial)
 Help sought in search for missing girls, 107, 331, 664

I

- Implant, metallic, and anatomic cephalometric superimposition techniques, for maxilla and mandible, reliability of, 318 (Abst.)
 In memoriam, William Nason Flesher, 549
 Incisor, inferior central, functional cephalometric analysis, 433 (Abst.)
 Internal Revenue Service clarifies rules on orthodontic specialty training, 559

- International Association of Oral Myology, 107, 439, 560
 International Conference on Oral Surgery, 215, 331
 International Orthodontic Congress, third, 306
 Isospacial arch concept (Dellinger), 462
 Israel, tooth, face, and skull dimensions in different ethnic groups in (Krzy-pow, Lieberman, and Modan), 246

L

- Lancaster Cleft Palate Clinic, 443, 559, 656
 Letters to editor, 88, 430
 Light wire edgewise technique to treat hyperdivergent skeletal dysplasias, roentgenographic cephalometric evaluation, 94 (Abst.)
 Loop configuration, wire size, and gabbling, effects on canine-retraction springs (Chaconas, Caputo, and Hayashi), 58

M

- Malocclusion, Class I; clinical treatment with Begg appliance (Brouwer), 165
 Class II; effect of force on craniofacial development (Wieslander), 531
 Division 2, nonextraction treatment (Ogata), 67
 treated with Begg technique, stability of orthodontic changes in, 650 (Abst.)
 Class III. (*See also* Prognathism, mandibular)
 in Chinese (Cantonese) (Chan), 152
 in mature patient, nonsurgical correction—combined orthodontic-prosthodontic solution (Baumrind and Brigante), 225
 treatment with Begg light-wire technique (Rodesano), 237
 Mandible, pig, experimental surgical reduction (Atherton, Lovius, and Finch), 158
 prognathic, soft-tissue profile change associated with surgical correction of (Hershey and Smith), 483
 Mandibular prognathism, long-term results of two types of surgical correction for, 434 (Abst.)
 surgical correction of (Morrill, Baumrind, and Miller), 503
 Masseter muscle, medial pterygoid muscle, and gonial angle, cephalometric and anatomical study of relationship between, 92 (Abst.)
 Maxillary prognathism, 430 (Letters to editor), 430
 Medial pterygoid muscle, masseter muscle, and gonial angle, cephalometric and anatomical study of relationship between, 92 (Abst.)
 Medical College of Virginia, 216
 Mexico City Association of Orthodontists, 106, 333
 Middle Atlantic Society of Orthodontists, 444
 to meet in Washington, D. C., 328, 558

- Midline discrepancies, craniofacial asymmetries as related to dentition and, 651 (Abst.)
- Midwestern Society of Orthodontists, 203
- Milwaukee brace, modified, evaluation of dentofacial changes accompanying scoliosis therapy with (Persky and Johnston), 364
- old and modified, in relation to normal growing child, cephalometric evaluation (Northway, Alexander, and Riolo), 341
- Mouthguards to protect anterior teeth stressed by ADA ClipSheet, 556
- Musical instrument selection, orthodontic aspects (Herman), 519
- N
- Nasopharynx, effects of adenoidectomy on dentition and (Linder-Aronson), 1
- New-Conn Growth Seminar, 215
- News and comment, 96, 200, 322, 438, 553, 653
- Northeastern Society of Orthodontists, 206
- Northwestern University Orthodontic Alumni Association, 661
- O
- Oklahoma Orthodontic Society, 108
- Open-bite, anterior, overbite depth indicator with particular reference to (Kim), 586
- Oral histology and embryology, fundamentals of, 550 (B. rev.)
- Orofacial deformities conference scheduled at University of Minnesota, 654
- Orthodontic bands, permeability beneath; variations dependent on cement type and cement-removal method (Schroeder et al.), 453
- changes in Class II, Division 2 malocclusions treated with Begg technique, stability of, 650 (Abst.)
- forces during canine retraction, photoelastic visualization of (Caputo, Chaconas, and Hayashi), 250
- patient, uncooperative, psychosomatic motivation for, 92 (Abst.)
- with hypodivergent dentofacial growth patterns treated with Begg technique, statistical roentgenographic cephalometric appraisal of vertical changes in, 94 (Abst.)
- periodontic conference in St. Louis, date set for, 97, 201, 323
- prosthodontic treatment, combined, in non-surgical correction of Class III malocclusion in mature patient (Baumrind and Brigante), 225
- specialty training, IRS clarifies rules on, 559
- tooth movement during ascorbic acid deficiency (Litton), 290
- treatment, activators in (Jorgensen), 260
- early, for complete clefts (Peat), 28
- implications of posttreatment craniofacial growth (Schudy), 39
- multiple regression analysis of patient cooperation during, 436 (Abst.)
- Orthodontic, treatment—Con't
- spatial position of pogonion as influenced by changes in occlusal, palatal, and mandibular planes incident to, 651 (Abst.)
- with use of directly bonded brackets, preliminary study (Daft and Lugassy), 407
- Orthodontic Education and Research Foundation, 105, 657
- Orthodontics, constituent society presidents discuss issues facing, 194, 313 (Editorials)
- continuing education courses sponsored by university dental schools, 109, 216, 335, 447, 561, 665
- in forensic odontology, 647 (Editorial)
- limitations in (Barrer), 612
- surgery and; Georgia and Virginia schools sponsor course in Athens and Tel Aviv, 561, 656
- Orthodontists as providers in employ of carriers: The third party, 90 (Editorial)
- visit to China (Siu and Siu), 138
- younger, participation by; a favorable trend, 428 (Editorial)
- Overbite depth indicator with particular reference to anterior open-bite (Kim), 586
- P
- Pacific Coast Society of Orthodontists, 325, 661
- Parker, William S., receives journalism award, 104
- Patient cooperation during orthodontic treatment, multiple regression analysis of, 436 (Abst.)
- Periodontal condition in orthodontically treated and untreated individuals, 435 (Abst.)
- Periodontics; actualités odonto-stomatologiques, 552 (B. rev.)
- Periodontium, human, ultrastructural changes in pressure zones of, incident to orthodontic tooth movement, 198 (Abst.)
- Photoelastic visualization of orthodontic forces during canine retraction (Caputo, Chaconas, and Hayashi), 250
- Pogonion, spatial position of, as influenced by changes in occlusal, palatal, and mandibular planes incident to orthodontic treatment, 651 (Abst.)
- Practice announcements, 113, 221, 339, 450, 563, 666
- Premolar, second, extraction in clinical practice (de Castro), 115
- Professional standards review organizations; professional man's future under HMOs and PSROs, 425 (Editorial)
- Profile, soft-tissue, change associated with surgical correction of prognathic mandible (Hershey and Smith), 483

- Prognathism, mandibular, long-term results of two types of surgical correction for, 434 (Abst.)
 soft-tissue profile change associated with surgical correction of (Hershey and Smith), 483
 surgical correction of (Morrill, Baumrind, and Miller), 503
 maxillary, 430 (Letters to editor)
 Prosthodontic-orthodontic treatment, combined, in nonsurgical correction of Class III malocclusion in mature patient (Baumrind and Brigante), 225
 Psychosomatic motivation for uncooperative orthodontic patient, 92 (Abst.)

R

- Radiography, dental, textbook of, 551 (B. rev.)
 panoramic, predicting mesial-distal dimensions of unerupted teeth with, 197 (Abst.)
 Relapse, vertical anterior (Nemeth and Isaacson), 565
 Retention of rotated teeth, effect of gingival fiber surgery on (Crum and Andreasen), 626
 Root resorption, maxillary central incisor, evaluation of, comparing pre- and posttreatment periapical radiographs of patients treated with Begg light wire orthodontic technique, 95 (Abst.)
 torque, maxillary anterior lingual, in third stage of Begg technique, roentgenographic appraisal, 93 (Abst.)

S

- Salzmann, J. A., wins journalism award, 104
 Scoliosis;
 Milwaukee brace and modified Milwaukee brace in relation to normal growing child (Northway, Alexander, and Riolo), 341
 therapy with modified Milwaukee brace, dentofacial changes accompanying (Persky and Johnston), 364
 Shields, vestibular, decrowding during eruption under screening influence of (Fränkel), 372
 Skeletal dysplasias, hyperdivergent, roentgenographic cephalometric evaluation of light wire edgewise technique to treat, 94 (Abst.)
 Skull, tooth, and face dimensions in different ethnic groups in Israel (Krzypow, Lieberman, and Modan), 246
 SNA and SNB, 88 (Letters to editor)
 Southern Society of Orthodontists, 211
 Spanish Society of Orthodontists, 215
 Springs, canine-retraction, effects of wire size, loop configuration, and gabling (Chaconas, Caputo, and Hayashi), 58
 Surgery and orthodontics; Georgia and Virginia schools sponsor course in Athens and Tel Aviv, 561, 656

Surgery—Con't

- gingival fiber, effect on retention of rotated teeth (Crum and Andreasen), 626
 Surgical correction of mandibular prognathism (Morrill, Baumrind, and Miller), 503
 long-term results of two types of, 434 (Abst.)
 of prognathic mandible, soft-tissue profile change associated with (Hershey and Smith), 483
 reduction, experimental, of mandible of pig, (Atherton, Lovius, and Finch) 158

T

- Teeth, anterior, ADA Clipsheet stresses mouthguards to protect, 556
 vertical relapse (Nemeth and Isaacson), 565
 rotated, effect of gingival fiber surgery on retention of (Crum and Andreasen), 626
 unerupted, flap design in exposing (Levin and D'Amico), 419
 predicting mesial-distal dimensions with panoramic radiography, 197 (Abst.)
 Tennessee Orthodontic Alumni Association honors Faustin N. Weber, 210
 Tooth, face, and skull dimensions in different ethnic groups in Israel (Krzypow, Lieberman, and Modan), 246
 movement, minor, in children, 550 (B. rev.)
 orthodontic, during ascorbic acid deficiency (Litton), 290
 ultrastructural changes in pressure zones of human periodontium incident to, 198 (Abst.)
 Tufts Association of Orthodontists, 206
 Tweed, Charles H., Foundation, 108, 209, 663

U

- University of Alabama Orthodontic Alumni Association, 102
 University of Michigan, growth symposium, 106, 330
 University of Minnesota, orofacial deformities conference scheduled at, 654
 University of Southern California Medical Center, 106
 University of Washington Orthodontic Department celebrates twenty-fifth anniversary, 555, 655

V

- Virginia Orthodontic Society, 108, 332, 561

W

- Weber, Faustin N., honored by Tennessee Orthodontic Alumni Association, 210
 Wire size, loop configuration, and gabling, effects on canine-retraction springs (Chaconas, Caputo, and Hayashi), 58
 World Dental Congress, sixty-second, FDI selects London for, 556, 659

Y

- Years of achievement, 89 (Editorial)

American Journal of ORTHODONTICS

*Official publication of The American Association of Orthodontists,
its constituent societies, and The American Board of Orthodontics*

Editors

B. F. Dewel, D.D.S., *Editor-in-Chief*
708 Church Street, Evanston, Illinois 60201

Subject index

A

- ACCO appliance; approach to treatment of Class II malocclusion (Bernstein), 172
- Activators (Hirzel and Grewe), 557
- Age, comparison of chronologic and physiologic as predictors of tooth eruption (Shumaker), 50
- Agensis, maxillary lateral incisor, evaluation of pretreatment and posttreatment skeletal and soft-tissue cephalometric measurements in patients exhibiting, 102 (Abst.)
- Alveolar bone, review of development and destruction of, 221 (Abst.)
- processes, inclination abnormalities of, in transverse direction, frequency of, 220 (Abst.)
- American Association of Orthodontists, 209, 325, 442, 571, 679
- and ABO awards granted at Houston meeting, 442
- awakening minority in; graduate students (Tinsworth), 571
- awards go to four AAO members, 696
- Board of Trustees, Councils, and Committees, directory, 353
- constituent society presidents, 229, 342, 467
- council chairmen for 1974-1975 named by Board of Trustees, 227
- Council on Orthodontic Health Care, 698
- Council on Research announces award requirements for Las Vegas meeting, 111, 230, 340
- call for abstracts announced by, 115
- develops new orthodontic definition, 344
- Dr. Lundergan named honorary member, 228
- elects thirty-four new affiliate members from nineteen countries, 347
- fourteen Armed Forces orthodontists elected as service members, 113
- Golden Anniversary ceremony honors fifty-year men, 590
- installs Drs. Muchnic and Aldrich as president and president-elect, 106
- JOURNAL major membership benefit, 682 (Editorial)
- Long-Range Study Committee, 699
- members participating actively in ADA meeting, 471
- sixty-three, serving in ADA House of Delegates, 450

AAO—Cont'd

- membership totals reach new record highs, 224
- new member and, 333 (Editorial)
- officers and organizations, directory, 120, 236, 352, 478, 598, 708
- Orthodontic Review Committee Guidelines, 330
- policies determined at seventy-fourth session, 213 (Editorial)
- policy statement on orthodontic care programs, 209
- on relations between practitioner, patient, and carrier, 211
- president's page: Can we be equal and excellent too (Muchnic), 453
- seventy-fifth annual meeting, 225
- Council on Research specifies award requirements, 230
- Diamond Anniversary celebration scheduled during April meeting, 692
- Hayakawa named Diamond Anniversary speaker, 338, 586
- stage set for diamond anniversary, 464
- seventy-fourth annual meeting, AAO policies determined at, 213 (Editorial)
- illustrated commentary, 325
- nine AAO and ABO awards granted, 442
- student and Association, 574 (Editorial)
- trustees receive Council assignments, 588
- specify dental practice responsibilities, 587
- American Board of Orthodontics, 227, 468
- specifies requirements for joint practice candidates, 231, 339, 466, 587
- American Dental Association announces 1974 volume of orthodontic abstracts, 465
- Council on Dental Education recommends new continuing education guidelines, 594
- House of Delegates, PSRO policies under study by, 593
- sixty-three AAO members serving in, 450
- studies new specialty education requirements, 592
- liaison, dental organizations form committee for, 466
- meeting, AAO members participating actively in, 471
- preventive dentistry award won by Lawrence C. White, 702

July, pp. 1-120; August, pp. 121-236; September, pp. 237-354; October, pp. 355-478; November, pp. 479-598; December, pp. 599-720.

- ADA—Cont'd
specifies date for Children's Dental Health Week, 591, 703
- AMERICAN JOURNAL OF ORTHODONTICS 50 years ago, 8, 217, 279, 377, 575, 664
major AAO membership benefit, 682 (Editorial)
- American Student Dental Association; graduate students, awakening minority in American Association of Orthodontists (Tinsworth), 571
- Appliance, functional; activators (Hirzel and Grewe), 558
- Arch, maxillary, control in infants with unilateral clefts of lip and palate (Troutman), 198
wires, large nonresilient straight, return to (Anderson), 9
- Australian Society of Orthodontists, 593
- Autotransplantation of premolars with partly formed roots (Slagsvold and Bjercke), 355
- Auxiliary personnel, state dental boards study, 467

B

- Begg Society of Orthodontists, 341
- Begg technique and light wire edgewise technique, roentgenographic cephalometric comparison of effects on soft-tissue profile and profile lip line, 100 (Abst.)
- Bioelectric potentials, in vivo, in dentoalveolar complex (Zengo et al.), 130
- Birth rate, declining; can you see YOUR fifteen patients this week? 684
- Bite force in children with bruxism, 691 (Abst.)
- Bone, alveolar, review of development and destruction of, 221 (Abst.)
imaging, Tc-99m-polyphosphate, of orthodontically treated dog teeth (Garcia et al.), 665
of craniofacial complex, displacement under influence of midpalatal expansion, study utilizing dry human skulls as models, 103 (Abst.)
- Boston University School of Graduate Dentistry dedicates Herbert I. Margolis Orthodontic Clinic, 470
- British Association of Orthodontists, 114, 230
- Bruxism, bite force in children with, 691 (Abst.)

C

- Canadian Association of Orthodontists, 232, 344
- Canadian Dental Association, John Abra to preside over meeting in Toronto, 113
- Canine-to-canine retainer, mandibular; bandless but fixed retention (Wolfson and Servoss), 431
- Carcinoma of tongue in child, 687 (Abst.)

- Caries experience five years after ending topical application with stannous fluoride in identical twins, nine-year study, 584 (Abst.)
- Cerebral palsy, effects on size and form of skull (Foster, Griffiths, and Gordon), 40
- Cervical traction therapy, physiologic recovery after (Wieslander and Buck), 294
- Children's Dental Health Week, date specified by ADA, 591, 703
- Chin caps; dentofacial orthopedics (Cleall), 239
- Class III jaw relationship, electromyographic investigation of patients with normal jaw relationship and (Moss and Chalmers), 538
- Cleft microform, 222 (Abst.)
unilateral, of lip and palate, maxillary arch control in infants with (Troutman), 198
- Continuing education guidelines, new, recommended by ADA Council on Dental Education, 594
- Cranial base: Postnatal development of cranial base studied histologically on human autopsy material, 689 (Abst.)
- Craniofacial angles, 582 (B. rev.)
biology of primates, 461 (B. rev.)
growth changes; pattern commonality in facial orientation of occlusal region (Zingesser), 527
- Craniofacial studies; pattern commonality in facial orientation of occlusal region (Zingesser), 527
- Cross-bite, buccal; maxillary arch control in infants with unilateral clefts of lip and palate (Troutman), 198
- Crowding, late secondary, in anterior segments of dental arches; incisor uprighting (Siatkowski), 398
postretention, mandibular third molars and (Kaplan), 411

D

- Decalcification, control in orthodontic patients by daily self-administered application of water-free 0.4 per cent stannous fluoride gel (Stratemann and Shannon), 273
- Dental arch, mandibular, form and dimension (Shapiro), 58
assisting, clinical, 581 (B. rev.)
care planners and the identity of patients and dentistry, 96 (Editorial)
- development; early eruption of deciduous and permanent teeth (Arvystas), 189
- organizations form committee for ADA liaison, 466
- practice responsibilities specified by AAO Trustees, 587
- Dentin and enamel in ground sections of impacted human permanent teeth, qualitative microradiographic study, 687 (Abst.)

- Dentistry, preventive; control of decalcification in orthodontic patients by daily self-administered application of water-free 0.4 per cent stannous fluoride gel (Stratemann and Shannon), 273
 practice management in, 460 (B. rev.)
 Dentists, hepatitis B transmission by, 689 (Abst.)
 Dentoalveolar complex, in vivo bioelectric potentials in (Zengo et al.), 130
 Dentofacial deformities, correction by surgery in anterior part of jaws, 336 (Abst.)
 orthopedics (Cleall), 237
 extraoral high-pull forces with rapid palatal expansion in *Macaca mulatta* (Thompson), 302
 Dentofacial Abnormalities Association, 468
 Denver Summer Meeting for the Advancement of Orthodontic Practice and Research, 110
 Dewey, Martin, Memorial Award, presentation to Joe D. Peak (Condit), 679
 response to (Peak), 681
 Diagnosis and treatment planning in surgical orthodontic therapy (Lines and Steinhäuser), 373
 Distinguished Service Scroll, presentation to William A. Giblin (Reid), 446
 response to (Giblin), 449
 Dummy sucking habit as cause of traumatic gingival recession in infants, 223 (Abst.)

E

- Editorial; Association policies determined at seventy-fourth session, 213
 can you see YOUR fifteen patients this week? 684
 dental care planners and the identity of patients and dentistry, 96
 malocclusion, tongue thrusting, and wind instrument playing, 456
 the JOURNAL: A major AAO membership benefit, 682
 the new member and the American Association of Orthodontists, 333
 the student and the Association, 574
 Enamel and dentin in ground sections of impacted human permanent teeth, qualitative microradiographic study, 687 (Abst.)
 Epidemiologic assessment of malocclusion, uniform methods (Baume), 251
 Eruption, early, of deciduous and permanent teeth (Arvystas), 189
 extreme ectopic, of lower permanent lateral incisor (Schaad and Thompson), 280
 of permanent teeth, movement of incisors during, 220 (Abst.)
 Extraoral high-pull forces with rapid palatal expansion in *Macaca mulatta* (Thompson), 302

- Extraoral high-pull—Cont'd
 traction to maxilla in *Macaca mulatta*, cephalometric and histologic changes produced by (Elder and Tuenge), 599
 posttreatment changes following (Tuenge and Elder), 618

F

- Face; septopremaxillary attachment and midfacial growth (Gange and Johnston), 71
 Facial orientation of occlusal region, pattern commonality in (Zingesser), 516
 sutures, structure and growth, 584 (Abst.)
 Fédération Dentaire Internationale selects London for its 62nd World Dental Congress, 109
 uniform methods for epidemiologic assessment of malocclusion (Baume and Maréchaux), 121
 French Society of Dentofacial Orthopedics, 228

G

- German Orthodontic Society to honor Gustav Korkhaus on his eightieth birthday, 589
 Gingival recession in infants, traumatic: result of dummy sucking habit, 223 (Abst.)
 Graduate students; awakening minority in American Association of Orthodontists (Tinsworth), 571
 Great Lakes Society of Orthodontists, 339
 Growth changes and growth predictions; pattern commonality in facial orientation of occlusal region (Zingesser), 526
 mandibular, active and passive, logarithmic properties of (Moss, Moss-Salen-tijn, and Ostreicher), 645
 midfacial, septopremaxillary attachment and (Gange and Johnston), 71

H

- Headgear, orthopedic; dentofacial orthopedics (Cleall), 245
 Help sought in search for missing patients, 700
 Hepatitis B transmission by dentists, 689 (Abst.)
 High-pull forces, extraoral, with rapid palatal expansion in *Macaca mulatta* (Thompson), 302
 traction, extraoral, to maxilla of *Macaca mulatta*, posttreatment changes following (Tuenge and Elder), 618
 cephalometric and histologic changes produced by (Elder and Tuenge), 599
 Histology, essentials of, 462 (B. rev.)
 Hygiene, oral, for orthodontic patients (Zachrisson), 487

I

- IADR Hatton Award won by Kentucky
orthodontic student, 114
- In memoriam, Kerwin V. Donaldson, 218
- Murray H. Groves, Jr., 458
- Barney Beel Kennedy, 218
- Walter G. Roth, 579
- Sidney Scholhan, 219
- Nicholas E. Tapp, 219
- Incisor, lower permanent lateral, extreme
ectopic eruption (Schaad and Thomp-
son), 280
- tongue-thrusting patterns and (Mas-
sengill et al.), 287
- maxillary, bodily retraction with round
wires (Gianelly), 1
- central, incidence and amount of resorp-
tion of, in fifty-four finished ex-
traction cases treated by light wire
edgewise technique, 103 (Abst.)
- lateral, agenesis, evaluation of pretreat-
ment and posttreatment skeletal
and soft-tissue cephalometric mea-
surements in patients exhibiting,
102 (Abst.)
- movement during permanent tooth eruption,
220 (Abst.)
- uprighting: mechanism for late secondary
crowding in anterior segments of
dental arches (Siatkowski), 398
- Inclination abnormalities of alveolar processes
in transverse direction, frequency
of, 220 (Abst.)
- International Orthodontic Congress, third,
Transactions due yet this year,
474, 589, 700
- Interproximal stripping (Letters to editor),
576

J

- Japan Orthodontic Society, 108, 229
- Jaw relationship, normal, and Class III jaw
relationship, electromyographic in-
vestigation of patients with (Moss
and Chalmers), 538
- surgery in anterior part of, for correction
of dentofacial deformities, 336
(Abst.)
- Journal of Oral Rehabilitation, 459

K

- Ketcham, Albert H., Memorial Award, pre-
sentation to Herbert I. Margolis
(Peak), 442
- response to (Margolis), 445
- Korkhaus, Gustav, to be honored on eightieth
birthday by German Society, 589

L

- Lancaster Cleft Palate Clinic, 231
- joins Pennsylvania State University (Krog-
man), 675
- Letters to editor, 576

- Light wire edgewise technique and Begg tech-
nique, roentgenographic cephalo-
metric comparison of effects on
soft-tissue profile and profile lip
line, 100 (Abst.)
- incidence and amount of apical re-
sorption of maxillary central in-
cisors in fifty-four finished extrac-
tion cases treated by, 103 (Abst.)
- Lip and palate, unilateral clefts of, maxillary
arch control in infants with
(Troutman), 198
- line, profile, and soft-tissue profile, roent-
genographic cephalometric com-
parison of effects of Begg tech-
nique and light wire edgewise
technique on, 100 (Abst.)
- Logarithmic properties of active and passive
mandibular growth (Moss, Moss-
Salentijn, and Ostreicher), 645

M

- Malocclusions, Class I, comparison between
minimum overbite and deep over-
bite in, utilizing skeletal and den-
tal measurements taken from pre-
treatment lateral radiographs, 99
(Abst.)
- Class II, approach to treatment (Bern-
stein), 172
- Division 1; activators (Hirzel and
Grewe), 558
- Class III; mandibular prognathism (Jacob-
son et al.), 140
- tongue thrusting, and wind instrument
playing, 456 (Editorial)
- uniform methods for epidemiologic assess-
ment (Baume), 251
- (Baume and Maréchaux), 121
- Mandible, human, relationship between mas-
seter muscle, medial pterygoid
muscle, and gonial angle of,
cephalometric and anatomic study,
101 (Abst.)
- Mandibular dental arch form and dimension
(Shapiro), 58
- growth, active and passive, logarithmic
properties of (Moss, Moss-Salen-
tijn, and Ostreicher), 645
- prognathism (Jacobson et al.), 140
- surgically corrected (Reitzik), 82
- Margolis, Herbert I., Orthodontic Clinic dedi-
cated by Boston University School
of Graduate Dentistry, 470
- Masseter muscle, medial pterygoid muscle,
and gonial angle of human man-
dible, cephalometric and anatomic
study of relationship between, 101
(Abst.)
- Maxilla, extraoral high-pull traction to, in
Macaca mulatta, cephalometric and
histologic changes produced by
(Elder and Tuenge), 599
- posttreatment changes following
(Tuenge and Elder), 618

- Maxillary lateral incisor agenesis, evaluation of pretreatment and posttreatment skeletal and soft-tissue cephalometric measurement in patients exhibiting, 102 (Abst.)
- Mexico City Association of Orthodontists, 474
- Mid-America Foundation of Orthodontic Research, 110
- Middle Atlantic Society of Orthodontists, 225, 341
- Midpalatal expansion, displacement of bones of craniofacial complex under influence of, study utilizing dry human skulls as models, 103 (Abst.)
- Midwestern Society of Orthodontists, 107, 226
- Milwaukee brace; dentofacial orthopedics (Cleall), 246
- Molars, mandibular third, and postretention crowding (Kaplan), 411
- Multiphase Foundation of Orthodontic Research, 340, 465
- Muscles, masseter and medial pterygoid, and gonial angle of human mandible, cephalometric and anatomic study of relationship between, 101 (Abst.)
- Musical instruments; malocclusion, tongue thrusting, and wind instrument playing, 456 (Editorial)
- orthodontics and wind instrument performance, 460 (B. rev.)
- instrumentalist, 583 (Abst.)
- Myofunctional therapy, cephalometric evaluation comparing effectiveness of, with mechanical restraint in correction of deviate swallow (tongue-thrust), 104 (Abst.)
- tongue therapy, morphologic changes of hard palate and posterior dentition following, 101 (Abst.)
- N
- Nebraska alumni honor Dr. Weinstein, 474
- News and comment, 106, 224, 338, 464, 586, 692
- Northeastern Society of Orthodontists, 344, 469
- research program, 348
- Northwestern University graduate orthodontic department celebrates fifty-first year, 472
- O
- Occlusal region, pattern commonality in facial orientation of (Zingesser), 516
- Occlusion of teeth of children 6-11 years, United States, assessment of, 462 (B. rev.)
- relation of sex and, to mesiodistal tooth size (Arya et al.), 479
- Open-bite, proper perspective, 221 (Abst.)
- Oral health, effect of orthodontic treatment on teen-agers' attitudes and behavior concerning (Linn), 318
- Oral—Cont'd
- hygiene for orthodontic patients (Zachrisson), 487
- rehabilitation, new journal of, 459
- Orofacial deformities conference scheduled at University of Minnesota, 115
- Orthodontic bands, differentially placed, effects on tissues, 336 (Abst.)
- care, prepayment programs; AAO policy on relations between practitioner, patient, and carrier, 211
- programs, AAO policy statement on, 209
- Congress transactions due yet this year, 474, 589, 700
- patient, aid sought in identifying, 593
- control of decalcification in, by daily self-administered application of water-free 0.4 per cent stannous fluoride gel (Stratemann and Shannon), 273
- oral hygiene for (Zachrisson), 487
- Orthodontic-periodontic conference, principal officers, 233
- practice; your professional lifetime in perspective (Schulman), 435
- therapy, 582 (B. rev.)
- surgical, diagnosis and treatment planning in (Lines and Steinhäuser), 378
- tooth movement, soft-tissue changes concurrent with (Garner), 367
- treatment, effect on what teen-agers think and do about oral health (Linn), 318
- Orthodontics and wind instrument performance, 460 (B. rev.)
- instrumentalist, 583 (Abst.)
- continuing education courses sponsored by university dental schools, 116, 233, 349, 475, 595, 704
- in daily practice, 459 (B. rev.)
- surgical, course in Athens and Tel Aviv sponsored by Georgia and Virginia schools, 116
- Orthopedics, dentofacial (Cleall), 237
- Overbite, minimum and deep, comparison between, in Class I malocclusions utilizing skeletal and dental measurements taken from pretreatment lateral radiographs, 99 (Abst.)
- pattern commonality in facial orientation of occlusal region (Zingesser), 526
- P
- Pacific Coast Society of Orthodontists, 231, 345
- Palatal expansion, rapid; dentofacial orthopedics (Cleall), 241
- extraoral high-pull forces with, in *Macaca mulatta* (Thompson), 302
- Palate, unilateral clefts of lip and, maxillary arch control in infants with (Troutman), 198
- Partnerships; your professional lifetime in perspective (Schulman), 435

- Pennsylvania State University, Lancaster Cleft Palate Clinic joins (Krogman), 675
- Periodontal disease in children and adolescents, 580 (B. rev.)
- point of view, 580 (B. rev.)
- Physiologic recovery after cervical traction therapy (Wieslander and Buck), 294
- Plaque removal; oral hygiene for orthodontic patients (Zachrisson), 487
- Practice announcements, 118, 235, 351, 477, 597, 707
- management in preventive dentistry, 460 (B. rev.)
- Premolars with partly formed roots, autotransplantation of (Slagvold and Bjereke), 355
- Press interviews, precautions to be taken during (Letters to editor), 576
- Professional lifetime in perspective (Schulman), 435
- Profile, soft-tissue, and profile lip line, roentgenographic cephalometric comparison of effects of Begg technique and light wire edgewise technique on, 100 (Abst.)
- Prognathism and racial variations, pattern commonality in facial orientation of occlusal region (Zingesser), 527
- mandibular (Jacobson et al.), 140
- surgically corrected (Reitzik), 82
- PSRO policies under study by ADA House of Delegates, 593

R

- Radiation-detection systems; Tc-99m-polyphosphate bone imaging of orthodontically treated dog teeth (Garcia et al.), 665
- Resorption, apical, of maxillary central incisors in fifty-four finished extraction cases treated by light wire edgewise technique, incidence and amount, 103 (Abst.)
- Retention, bandless but fixed (Wolfson and Servoss), 431
- Retirement; your professional lifetime in perspective (Schulman), 435
- Retraction, bodily, of maxillary incisors with round wires (Gianelly), 1
- Rocky Mountain Society of Orthodontists, 107, 226, 703
- Root growth, radiographic study; autotransplantation of premolars with partly formed roots (Slagvold and Bjereke), 355
- surface of human teeth, scanning electron microscopy of organic structures on, 221 (Abst.)

S

- Septicemia, stomatitis with, due to *Moraxella osloensis*, 688 (Abst.)
- Septopremaxillary attachment and midfacial growth (Gange and Johnston), 71
- Sex and occlusion, relation to mesiodistal tooth size (Arya et al.), 479

- Skull, effects of cerebral palsy on size and form of (Foster, Griffiths, and Gordon), 40
- Societe Francaise d'Orthopedie Dento-Faciale, 228
- Soft-tissue changes concurrent with orthodontic tooth movement (Garner), 367
- Southern Society of Orthodontists, 109, 227
- Southwestern Society of Orthodontists, 465, 694
- presentation of Martin Dewey Memorial Award, 679
- Specialty education requirements, new, under study by ADA House, 592
- Stannous fluoride gel, water-free 0.4 per cent, control of decalcification in orthodontic patients by daily self-administered application of (Stratmann and Shannon), 273
- topical application with, in identical twins and caries experience 5 years after ending applications, nine-year study, 584 (Abst.)
- State dental boards study auxiliary personnel, 467
- society announcements, 702
- Stomatitis with septicemia due to *Moraxella osloensis*, 688 (Abst.)
- Stripping, interproximal (Letters to editor), 576
- Student and Association, 574 (Editorial)
- Sucking, dummy, habit as cause of traumatic gingival recession in infants, 223 (Abst.)
- Surgery in anterior part of jaws for correction of dentofacial deformities, 336 (Abst.)
- Surgical orthodontic therapy, diagnosis and treatment planning in (Lines and Steinhauser), 378
- Surgically corrected mandibular prognathism (Reitzik), 82
- Swallow, deviate (tongue-thrust), cephalometric evaluation comparing effectiveness of myofunctional therapy with mechanical restraint in correction of, 104 (Abst.)

T

- Tc-99m-polyphosphate bone imaging of orthodontically treated dog teeth (Garcia et al.), 665
- Teen-agers, effect of orthodontic treatment on attitudes and behavior concerning oral health (Linn), 318
- Teeth, deciduous and permanent, early eruption (Arvystas), 189
- human, scanning electron microscopy of organic structures on root surface of, 221 (Abst.)
- impacted human permanent, qualitative microradiographic study of enamel and dentin in ground sections of, 687 (Abst.)
- permanent, movement of incisors during eruption of, 220 (Abst.)

- Teeth—Cont'd
orthodontically treated, of dog, Te-99m-polyphosphate bone imaging of (Garcia et al.), 665
- Temporomandibular joint dysfunction syndrome etiology (Roberts), 498
- Tissues, effects on, of differentially placed orthodontic bands, 336 (Abst.)
- Tongue, carcinoma of, in child, 687 (Abst.)
therapy, myofunctional, morphologic changes of hard palate and posterior dentition following, 101 (Abst.)
thrust; cephalometric evaluation comparing effectiveness of myofunctional therapy with mechanical restraint in correction of deviate swallow, 104 (Abst.)
thrusting, malocclusion, and wind instrument playing, 456 (Editorial)
patterns and lower incisors (Massengill et al.), 287
- Tongue-tie, 688 (Abst.)
- Tooth eruption, comparison of chronologic age and physiologic age as predictors of (Shumaker), 50
movement, orthodontic, soft-tissue changes concurrent with (Garner), 367
size, mesiodistal, relation of sex and occlusion to (Arya et al.), 479
- Toothbrushing; oral hygiene for orthodontic patients (Zachrisson), 487
- Traction, cervical, therapy, physiologic recovery after (Wieslander and Buck), 294
extraoral high-pull, to maxilla in *Macaca mulatta*, cephalometric and histologic changes produced by (Elder and Tuenge), 599
posttreatment changes following (Tuenge and Elder), 618
- Treatment planning, diagnosis and, in surgical orthodontic therapy (Lines and Steinhauser), 378
- Tufts Association of Orthodontists, 698
- Tweed, Charles H., Foundation for Orthodontic Research, 108, 116, 232, 340, 699

U

- University of Connecticut announces biomechanics fellowship program, 701
- University of Minnesota, orofacial deformities conference scheduled at, 115

W

- Weinstein, Sam, honored by Nebraska alumni, 474
- White, Lawrence C., wins ADA preventive dentistry award, 702
- Wires, arch, return to large nonresilient straight (Anderson), 9
round, bodily retraction of maxillary incisors with (Gianelly), 1
- World Dental Congress, 62nd, FDI selects London as site, 109
- World Health Organization; uniform methods for epidemiologic assessment of malocclusion (Baume and Maréchaux), 121
standard methods, results obtained in South Pacific populations; uniform methods for epidemiologic assessment of malocclusion (Baume), 251
